# It's time to renew dental benefits

<First Name>, it's easy to renew your dental benefits. Just continue to make your monthly payments on time. Read on for important dental plan renewal details.

- **Why did your monthly payment change?** The price you pay for your dental premium depends on several things, including dental care costs, and your age. Whenever you enter a new age category, your premium goes up a little.
- **Flip through this packet.** Check out the next page for important dates and plan details.
- **Connect with [anthem.com/ca](http://anthem.com/ca) or our mobile app, Sydney Health (formerly known as Anthem BC Anywhere).** See if your dentist is in your plan, easily pay your bills, go paperless, and much more.

The success of your overall health is linked to good dental health. We encourage you to take advantage of annual dental exams and cleanings covered by your dental policy. These services can be beneficial in helping you maintain your dental health – and your overall health.

Sincerely,

Manan Shah  
Vice President and General Manager  
California Individual Business
